Ways to Give to: Kibbutz Nir Oz

Nilli Adir +972 54-464-1187,

Kibbutz Nir Oz underwent a horrific massacre. In the early morning hours of 7 October 2023, dozens of terrorists attacked the kibbutz residents, facing only members of the alert squad until the army arrived in the afternoon. The residents hid in safe rooms, trying to avoid any noise when the terrorists burned their houses on them. Dozens were murdered, choked by smoke or kidnapped into the Gaza Strip. Dozens are still missing. The vehicles in the kibbutz were burned and many houses were razed to the ground. We would appreciate any donation that will help the residents. The survivors have been evacuated, their world destroyed.

Anyone who can make a financial donation (any amount will help) to help provide basic resources.

Donations should be made to: Kibbutz Nir Oz
 Mizrahi Bank 20
 Bank Branch # 437 Ofakim
 Account 193880

Ways to Give to: Nir Yitzhak

On Simchat Torah, Kibbutz Nir Yitzhak was one of the kibbutzim invaded by dozens of murderous terrorists. They went from house to house, killing and abducting kibbutz members, looting, and leaving destruction in their wake.

Kibbutz Nir Yitzhak was established in 1949 in the western Negev desert. The kibbutz elders love to recount that when they arrived, there was only one tree, a dirt road leading to it, and water occasionally arrived by trucks. Nobody believed that anything could be cultivated in the desert soil.

74 years have passed, and Nir Yitzhak has transformed into a green kibbutz, teeming with life and flourishing agriculture. Among its 600 residents, there are grandchildren and great-grandchildren of the kibbutz founders who lived vibrant community lives in this small place where everyone knows each other.

The murderous attack left the kibbutz community bleeding and shattered. All survivors were evacuated, but no one knows when they will be able to return to their homes. With the fields and cowshed abandoned, the kibbutz has also lost some of its primary sources of income.

We are facing a long and challenging period during which we will need to rebuild our community and restore our sense of security. It will take time, but together we will prevail!

We ask for your assistance. The funds you donate will be used to strengthen and support community members, including providing emotional care, equipment for children's homes, facilities for the community's well-being, and repairing property damage.

Ways to Give to: **Netiv HaAsara**

Please Help The Terror Victims of our Moshav:

Netiv HaAsara, our home, our community in a war of survival.

We are devastated. Our soul is wounded and our heart is bleeding.

Our home, our safe place where we live and are proud of it.

The strong and vibrant community, our Moshav, is full of good, happy memories of laughing children. In one moment, it became an unsafe, unprotected place. We lost our security and sense of security.

Who would believe it?

Our community of about 1000 men and women went through hours of a horrific ordeal, trying to survive and protect themselves and their loved ones from murderous terrorists.

Fathers, mothers, children, brothers, sisters, and grandparents were all murdered in cold blood.

Everyone who went out to protect the residents and the family fell in battle and did not return: brothers in arms, good neighbors, and beloved friends.

Our once beautiful, green, thriving community has become a gloomy, lifeless gray.

The moshav makes a living from solid agriculture. Our pride is growing seeds for the whole world. This has now been shattered, with families having lost their entire livelihoods.

How will we recover from this?

There is a whole, hurt, bereaved, and scarred community that will have to go back.

The loss is unimaginable.

In these difficult times, we reach out for help, and this is where you come into the picture.

Any help will be appreciated. Every shekel will go to a good cause to strengthen the community and the security elements.

They were at the forefront, protecting us all. We ask that you stand by us and give them a back so that they can rise from the ruins.

Donations:

Credit cards -

Donations can be transferred with all credit cards (except American Express) by clicking on the 'Donate Now' button. A receipt will be sent to your email after completing that transaction.

Tax deductible bank transfers -

Tax deductible bank transfers can be made using the following link: <https://bit.ly/3rL63iQ>.

Direct bank transfers -

Bank transfers can be made directly to Moshav's bank account, however a receipt for tax-deductible purposes will not be sent:

International bank transfers should be made to: NATIV HAASARA
Bank Leumi LE-Israel B.M
Branch Ashkelon (925)
Account: 39040051

Ways to Give to: **Kfar Azza**

כפר עזה לא לבד!

Help us rebuild the Kfar Azza Community

Kibbutz Kfar Azza is fighting for its life.

In a brutal terrorist attack that lasted less than 48 hours, hundreds of our community members were murdered, kidnapped, or tortured. Their homes were turned to ash, and their lives were turned upside down.

Those who survived are now left to pick up the pieces. They have lost everything, including their loved ones, their homes, and their livelihoods.

We are asking for your help to rebuild Kfar Azza.

Your donation will help us to:

- Find and rescue the missing
- Provide for the basic needs of those who have lost everything
- Rebuild homes and infrastructure
- Help our community members to heal and start to rebuild their lives

No donation is too small. Every little bit helps.

Ways to Give to: The Democracy HQ ("Chofshei Be'Arzenu")

and all the member organizations of the Protest Movement are uniting to support the people of Israel during this war.

<https://www.youtube.com/watch?v=rsucAt0nga4>

<https://beactive.co.il/project/70943>

All the protest groups are mobilizing to help Israelis who are under brutal attack!

Together we have established a central assistance center to connect host families with families from the south of the country, provide transportation services from the fighting line to safe areas, a food convoy to hospitals and more.

Please donate to support our fight to save our country!

At this difficult time for our brothers and sisters in the south and for all the people of Israel, the protest groups are directing all of our organizational infrastructure and logistical capabilities to aid and support the residents of the conflict line:

- Protective Gear for Soldiers
- Accommodation in safe areas for families
- Transportation assistance from the conflict areas
- Assistance from mental health professionals
- Assistance from those licensed to work in clinical laboratories/blood donations

The huge failure by the government raises difficult questions and the time will come to ask them, but at this time all efforts must be directed to aid the residents of the south, the IDF fighters and the security forces.

All of us, without exception, stand together for the defense of our homeland.

Fundraising for the Democracy HQ is facilitated via the Atid Blue and White Association (an Israeli registered not-for-profit entity ("Amutah")), established in 2009.

Ways to Give to Migdal Or Charitable Foundation

An initiative that Adv. Moran Harel, Adv. Carmel Harel Goren, Hila Teperberg Lieber and Elazar Ben Yamin are personally managing via the "Migdal Or Charitable Foundation", which is duly registered with the approval of Section 46 recognized for donations.

They are collecting money for first aid assistance to families who were in the line of fire on the border, went through hell and miraculously survived and emerged alive. The financial assistance is intended to alleviate their initial basic needs.

Important: Please state (in the details of the transfer you make) that the money is for the purpose of "first aid to the families of Otef Azza" and then send confirmation of the transfer to this email ezra1otef@gmail.com Make sure to include all your personal details (Name, address, email).

Money will be transferred to the families directly and distributed as follows: 2,500 NIS per couple and 5,000 NIS per family. All distribution of funds is conducted under our personal supervision and through the association.
